## One-page tutorials with Excel:

### Complete free website on conducting statistics with Excel

[Real Statistics](#)

### PSPP software, the free and open source alternative to SPSS by IBM.

[Download page Tutorial](#)

## online book accessible from the library

[Marketing research with SPSS.](#)

This book is about SPSS but PSPP is exactly the same so the book should be very useful.

## Professors at emlyon business school who can supervise this type of projects

- [Franck Jaotombo](#)
- [Monica Grosso](#)
- [Jean Savinien](#)
